Dear Sylvia Frank:

Please excuse this necessary evil of a form reply. I wish I could answer every letter I receive but I'm sure you realize that to do so would be a life's work.

This is just to let you know that Dick Cavett, the staff and I value your comments and will give them every consideration. We appreciate your interest and hope you'll keep watching.

re: your suggestion
on Joshua Lederberg.

Sincerely,
Christopher Porterfield
